OCTOBER FEATURE:

Featuring this month is the BRADSHAW TOURNAMENT

Tournament Chair George and Christy Thomas and Committee: Don Neu, John Langan. This Tournament started many years ago by Mr. Bradshaw who played tennis and also was president of the CTC. All of Robson Communities in Sun Lakes and SunBird are invited to participate in this epic event. Various committees are formed to complete various tasks that make this tournament the largest tournament in the valley. During the tournament door prizes are given out, food and drink are provided for players and those who just come to watch some great tennis. The schedule of play and parings are compiled, computed, and posted by the tournament staff and Don Neu. Many businesses in the area also help make this tournament great by making donations, and many have banners that are displayed at the tennis courts during the week of play. A banner of all contributors is displayed at the tennis courts. We hope you will come enjoy and partake in the festivities of this event. ☺
